

Procurement items/Fuel/Lumber/Chemical materials ▪

Each item name here does not represent a product in itself. The product item types under subclassification are the products themselves.

Therefore, the number of product item types shows how many products (product item types) are included in one item name.

Our representative will explain products in more details at a meeting to be held upon passing initial screening.

Code	Item name	Description	Number of product item types	Time of inquiry	The Annual average procurement (Unit: JYE1,000)	Type of contract	Procurement Contact
